

Simple Send-offs explained

Q What does Simple Send-offs do?

A We are a company that specialises in Direct Cremations.

Q What are Direct Cremations?

A Direct Cremations are a practical and low-cost alternative to a traditional funeral.

A Direct Cremation involves bringing the deceased into our dedicated care where they will be placed in a simple coffin and will rest in our mortuary until a private committal takes place at the Crematorium.

Q What happens after the Direct Cremation?

A We will return your loved one's ashes to you, allowing you to organise your own personal memorial service (if you choose).

Alternatively, we can arrange to have your loved one's ashes scattered in the Memorial Garden.

Q Why should I use Simple Send-offs?

A We provide flexibility and freedom from the time and financial pressures of a traditional funeral.

Q Why do people choose Simple Send-offs?

- A
- They feel a traditional funeral is a 'waste of money' and would prefer to leave their money to others
 - It suits the wishes of the deceased
 - Many families like the flexibility it provides and want time to organise a separate celebration at a later date
 - For some, it is the only viable financial option
 - It reduces the cost of repatriation

Q Why is Simple Send-offs so much cheaper than the average UK funeral?

A We provide a less expensive Direct Cremation option which is not readily available from most Funeral Directors.

Many of the overheads which increase the cost of a traditional funeral are not incurred and we pass these savings on to our customers.

Nevertheless, at Simple Send-offs, we still provide a personal and high quality service without any unnecessary expensive extras.

Q How do I know if a Simple Send-offs Direct Cremation is right for my family?

A If you wish to discuss your personal requirements in confidence and with no obligation please give us a call.

The Simple Send-offs process:

- Give Simple Send-offs a call at the time of need
- We will arrange to visit you in your home
- A one-off, fixed payment for Simple Send-offs services, including doctors and cremation fees, is made
- Medical and legal paperwork is completed
- The deceased is transferred to our mortuary to be cared for
- A coffin is provided and the cremation arranged
- The deceased is transferred to the crematorium
- Cremated remains are collected
- Ashes are hand-delivered to loved ones

At Simple Send-offs we pride ourselves on the compassionate and personal care we offer to your bereaved family.

We take time to listen and understand your needs. We do all we can to ensure you receive the Direct Cremation service that you desire.

Our experienced team provide dignified care throughout all aspects of our service.
